

Figs

All figs are self-fertile and can produce two crops in a season if summers are long enough. The first crop is produced on last year's wood. The second crop is produced on current season's wood. Figs are ripe when the fruit detaches easily from the branch.

Variety	Tree Size	Fruit Size	Pollenizer	Ripens	Fruit Color	Flavor	Applications
Brown Turkey	15-20'	Medium to Large	Self-fertile	September	Mahogany skin w/ amber pink flesh	Rich sweet flavor	Excellent for jams, canning, drying and eating fresh.
Desert King	15-20'	Large	Self-fertile	August	Dark green skin w/ strawberry flesh	Very good sweet flavor	Excellent for fresh eating and good dried.
Latturula (Italian Honey Fig)	15-20'	Medium	Self-fertile	July & September	Green-yellow skin with honey amber colored flesh	Very sweet juicy flavor	Fresh eating, canning or drying.
Olympian	8-10'	Medium	Self-fertile	July	Purple skin with red-purple flesh.	Very sweet	Fresh eating, canning or drying.
Oregon Prolific	15-20'	Medium	Self-fertile	August	Green-yellow skin with white flesh.	Sweet and juicy flavor	Great for fresh eating, canning or drying.

Persimmons

For planting place in the full sun with well drained soil. Dig a hole that measures two-three times as wide and the same depth as the rootball of your plant. For more how to plant, follow the Planting Guidelines handout. Astringent persimmon varieties need to sit till they are soft, while the Non-astringent varieties you can eat fresh off the tree. Persimmons are beautiful in the landscape and nearly pest and disease free.

Variety	Tree Size	Fruit Size	Pollenizer	Ripens	Fruit Color	Flavor	Applications
Fuyu	20'	Large	Self-fertile	October to November	Orange red skin	Sweet, mild flavor	Non-astringent, sweet and crisp like an apple.
Hachiya	20'	Large	Self-fertile	November	Deep orange-red	Soft sweet and flavorful	Astringent, best for cooking or baking.

Quince

Variety	Tree Size	Fruit Size	Pollenizer	Ripens	Fruit Color	Flavor	Applications
Rich's	Dwarf 8-10'	Extra large, apple shaped fruit	Self-fruitful	September to October	Golden yellow, fuzzy skin	Apple like, aromatic, with spicy citrus notes	Must be cooked. Great for making into jelly, jam or into preserves.
